BAME Launchpad programme

This programme is dedicated to BAME Female Founders who are at the beginning of their entrepreneurial journey and want to validate their idea. The content of this programme offers solid foundation knowledge dedicated to women who want to gain a lot of business knowledge in a short amount of time. The programme is tough and comprises of weekly workshops and extended study time at home. Plus, being part of a cohort of entrepreneurs is a big additional experience on top of the business knowledge you gain.

A dedicated Hatch facilitator will be with you throughout the program to support you on your journey, after the 4 weeks, you'll get to present your work to a panel of expert and you will be assigned a mentor for three months.

At Hatch, we balance our workshops between process and outcome. Each week we will meet on Saturdays to take part in a full day of workshops. There is a focus on group work and tapping into each other's strengths. Your cohort leader will be with you all the time to guide you through the workshops and provide you with the necessary knowledge on how to start a business.

Important information

Registration open: 20th July 2019
Selection: 1st September 2019

Interviews: 2nd week of September
Start Date: 12th October 2019

The Launchpad program is suitable for you - if you...:

- Want to start your business from scratch.
- Want to gain basic skills and knowledge in entrepreneurship and business.
- Want to get 1-2-1 support while starting up.
- Want to be introduced to a network of like-minded people.
- Want to access flexible online training as well as in-person classes.

Workload expectations

Every week you will be set an assignment due for the week after. These assignments include work to be finished from the workshop attended on that day. In addition, you must prepare for the workshops that you will attend on the following Saturday. Get ready to work at least an extra 2 hours, in addition to the workshop every week to keep up with the programme.

“I joined hatch because I needed to focus. I needed to take a step-by-step approach to reaching my goals and completing them. Hatch provides that space.”

Antiqu'e
One Wing Project
